

A modern, two-story house with a light grey facade and dark grey window frames. The house features large glass doors and windows. In the foreground, there is a swimming pool with a concrete deck. On the deck, there is a light-colored outdoor sofa with wooden armrests, two matching armchairs, and a low coffee table. A large potted fern is placed next to the sofa. A small bird is perched on the letter 'n' of the word 'suns'.

Outdoor Lifestyle

Maximalism is our theme.

It's an attitude.

Is all about embracing versatility
and fun in patterns, colors, designs,
materials and decoration.

We provide the basis
so you can express yourself.

SUNS is an outdoor lifestyle brand that dares to stand out.

We are refreshing the garden furniture market. Stylish designs, clever use of materials and innovative constructions: with our fresh approach we produce furniture that catches the eye and provides true comfort to its users.

And we are more than furniture! SUNS features outdoor cushions, poufs, carpets, solar lighting, candles and vases as well. Even gazebos belong to our offering. Providing you with a splendid base to build on. With creativity, with attitude.

Discover the vibrant 2023 SUNS Collections and embrace Maximalism with us.

Maximum quality

SUNS stands for quality. You will find it in our designs, materials and constructions. **Quality we dare to stand for.** That's why we provide SUNS 5 Year Warranty.

Every SUNS product is covered for defects in manufacturing and materials by our SUNS 5 Year Warranty. Ask for the warranty conditions. You can trust on SUNS!

Experience Center

The complete SUNS portfolio, **presented stylishly in an attractive setting**. SUNS specialists show visitors around and have answers to all their questions. That is the SUNS Experience Center in Vught, The Netherlands, launched in 2021.

Discover
the versatility SUNS

Make an **appointment** at
the SUNS Experience Center

Cushions

WATER REPELLENT FABRIC

SUNS understands it is impossible to store your cushions dry and safe every time a bit of rain falls out of the sky. Therefore **all cushions from the SUNS collections** are equipped with water repellent fabric.

Textile

INNOVATION IN WEATHER-RESISTANCE

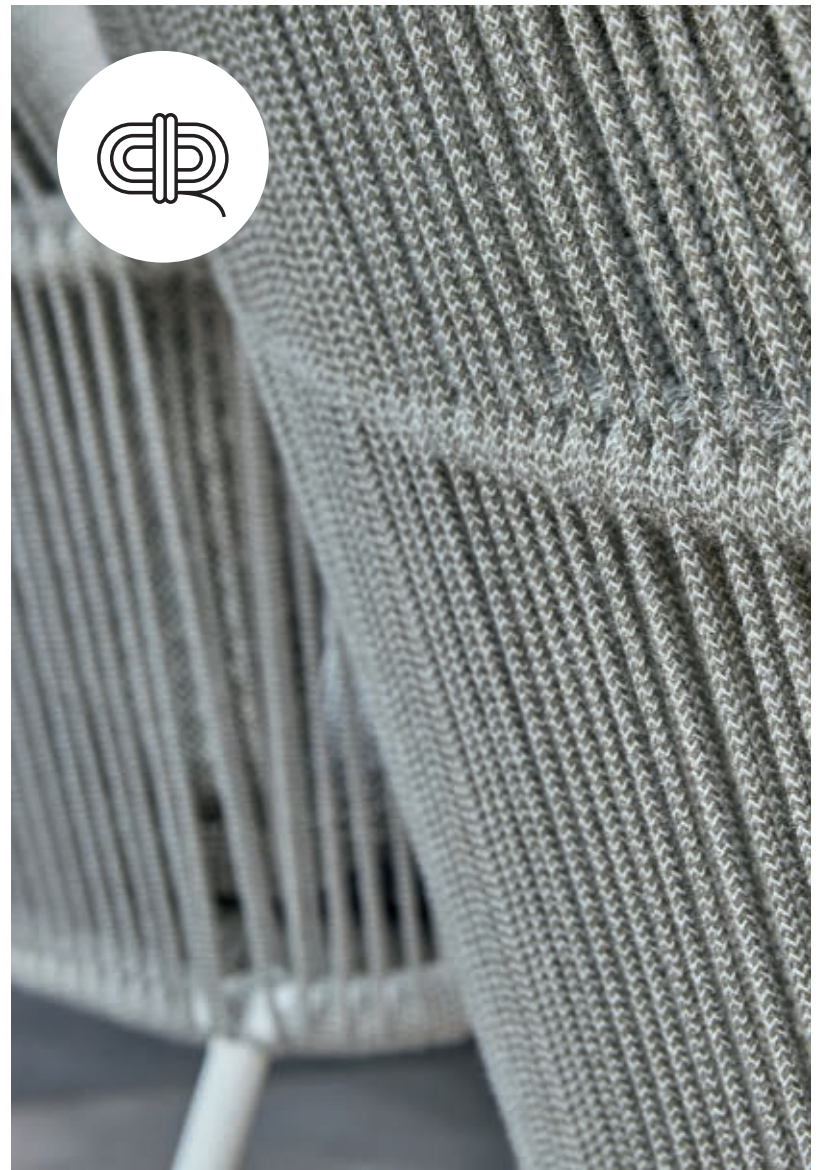

In a search for the **best materials** the SUNS collections feature Sunproof®. This premium and innovative textile is renowned for its excellent outdoor properties. Sunproof® is a.o. weatherproof, colorfast, wear- and UV-resistant and easy to clean.

Core

RAPID DRYING TECHNOLOGY

SUNS makes use of special foam cores that dry in no time. Fast Dry Foam has a spacious cell structure. This guides rainwater through the cushions with ease and enhances air circulation, with rapid dry seats as a result. Outdoor furniture with a rapid drying core is **comfortable, weatherproof** and can be left outside the year round.

Rope

DURABLE COMFORT

Next to its elegant looks, ropework offers excellent outdoor properties.

SUNS uses premium ropes in its furniture. The ropes are **strong, durable, soft, weatherproof, easy to clean and dry quickly**. Thanks to its tight weaving, ropework seats offer a pleasant sitting comfort.

Teak

THE FINEST TYPE OF WOOD

Strong, durable, maintenance free and extremely weather resistant. Teak is probably **the finest type of wood** available. Aging nicely in warm grey tones. What beauty nature brings!

SUNS works exclusively with certified teak, originating from controlled plantations in a.o. Indonesia. SUNS teak furniture is machine made. Our craftsmen combine traditional workmanship, passion and cutting edge process techniques to create furniture of excellent quality and looks.

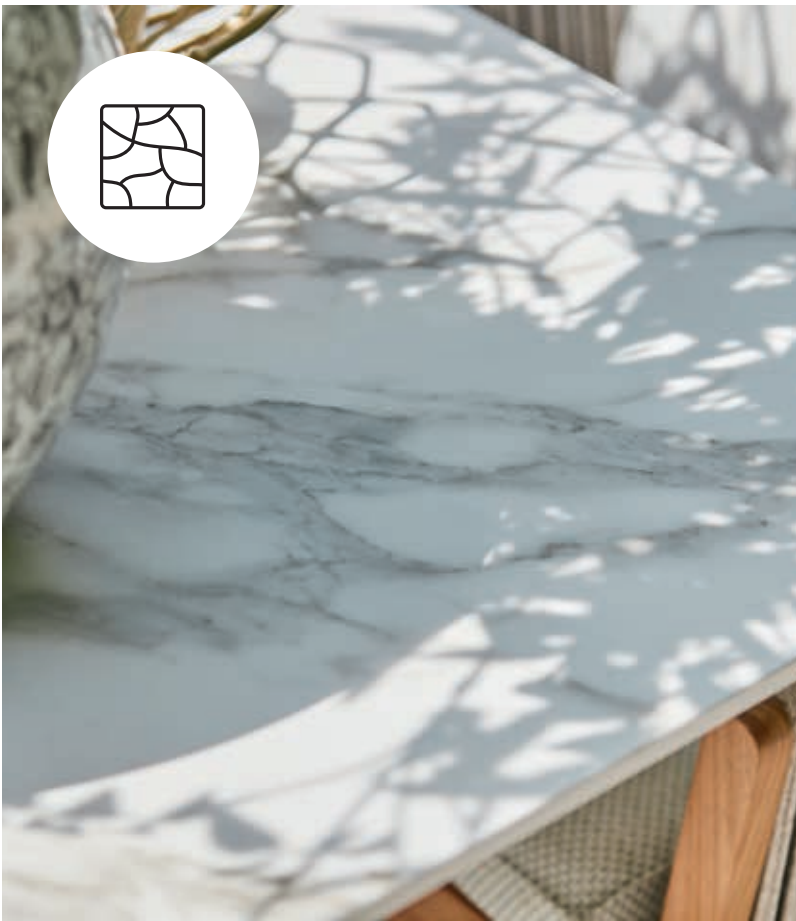

Aluminium

LIGHTWEIGHT CHAMPION

Lightweight, strong, durable and weatherproof. Aluminium is **the perfect outdoor material**.

SUNS uses industrial aluminium profiles with a thickness 1,5 mm above average, resulting in a more solid construction and longer lifespan. Moreover, the aluminium is double-coated to further improve lifespan, weather resistance and attractiveness of the frame.

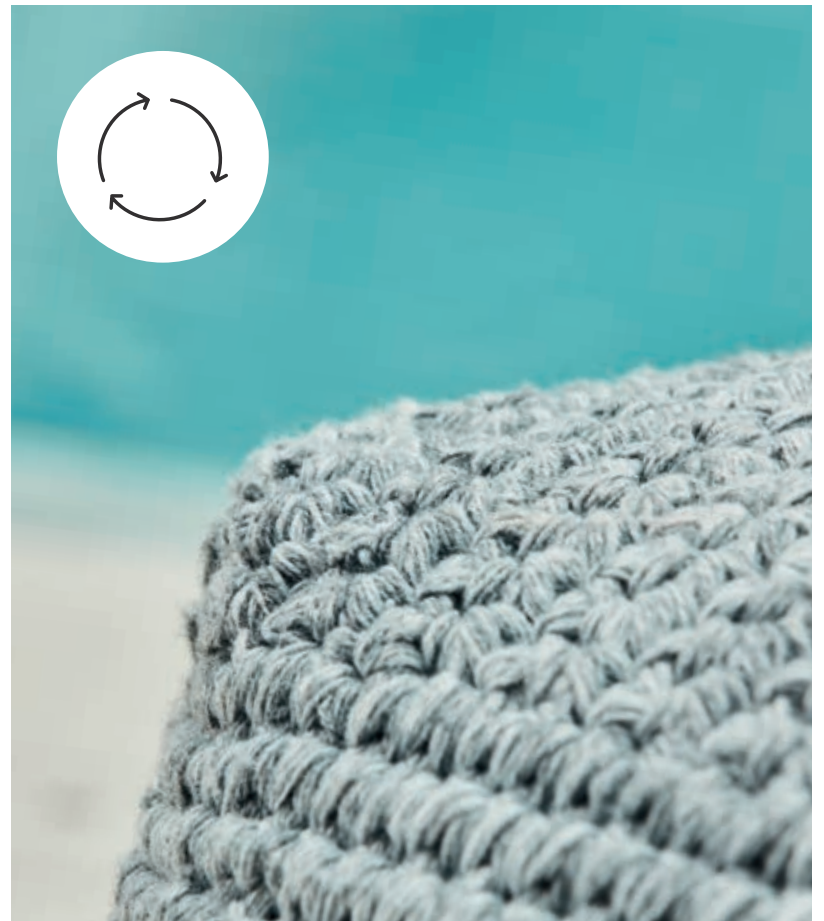

Neolith®

NATURE MEETS INNOVATION

Neolith® consists of 100% natural raw materials. Neolith® is formed through an innovative process of sintering and high-pressure. The result is a **very hard, impermeable and scratch-resistant material** that can withstand all weather influences: cold, heat, moisture, drought and UV light.

Neolith® table tops have a long lifespan and retain their attractive appearance.

PET

RECYCLED PLASTIC BOTTLES

SUNS goes circular! Within the PET product-line we offer a number of out- and indoor products made from recycled PET bottles. In an innovative process, the used PET bottles are converted into fibers that we use to make **cushions, poufs and rugs**. The material feels soft like fabric, but is just as weather and water resistant as that former PET bottle.

Green Collection

DESIGNED FOR RELAXATION

Comfort is a key element of the Green Collection. With a profound construction of high-end materials, our products deliver durable performance outdoors. The stylish designs, premium fabric and cushions offer a soft touch and warm welcome to its users.

SUNS Green products are designed to stay outside the year round.

Lighting Collection

THE CHARM OF LIGHT

Outdoor lighting was never this easy. SUNS features a collection of stylish and freestanding lamps, candles and lamp stands.

The solar lamps (Mr. & Mrs. Solar) draw energy from the sun, operate up to 18 hours and can be placed just where you need them. The candles are alike, bringing atmospheric illumination to your table or terrace. And with the stylish lamp stands you turn your outdoor space in a truly intimate setting.

Light up your space for a good read or design a complete wireless lighting scheme for your garden with SUNS outdoor lighting.

Gazebo Collection

THE PERFECT COVERING

The time a terrace-covering is a hefty construction job, is behind us. SUNS offers smart gazebos in various types and sizes. SUNS Gazebos can be placed freestanding or anchored to existing buildings.

With shutters for sun or shade, rainwater drainage and optional side screens; SUNS Gazebos are the perfect covering in any situation.

YOU CREATE THE PERFECT TABLE

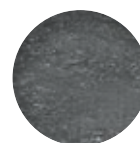

The SUNS table program is modular. Consumers can combine frames and table tops freely to their likings. The frames are available in different sizes, the table tops in various materials such as: teak, HPL and ceramic on glass.

Manufacturers do no longer define consumers needs. It is time for a new approach: You create!

PET Collection

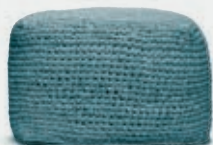

STRONG AND SUSTAINABLE

SUNS PET products are made from recycled plastic (PET) bottles. In an innovative production facility the bottles are transformed into fibers that are soft as fabric, equally strong and weather resistant as that former plastic bottle. Perfect material for outdoor lifestyle products.

Cleaners & Protectors

MAINTENANCE MADE EASY

Heat, cold, UV-rays, rain, ice, mud, food, mildew and algae: outdoor furniture has a lot to endure. That's why SUNS presents a complete range of first-class cleaning and protection products for nearly every object outside.

All maintenance products are environmentally friendly and easy to use. SUNS Cleaners remove dirt in a swipe and recover the natural beauty of the material. SUNS Protectors use nanotechnology to provide your furniture and materials with a long-lasting and dirt-repellent protective layer.

Let your furniture, terrace and veranda shine again!

WOOD CLEANER & WOOD PROTECTOR

Gives wood its natural look again. SUNS Wood products clean every type of wood easily and comprehensively. The Cleaner removes trails of algae and fungi. By treating your wooden furniture, deck, porch or fence with the Protector, you add an ultra-thin protective layer, which offers long-lasting protection from the effects of water, oil, moss, algae and fungi.

FURNITURE CLEANER & FURNITURE PROTECTOR

Developed especially for cleaning and protecting various harder materials such as plastic, wicker, SensoTex, aluminum, glass and durable top. The fast-acting Cleaner has a strong cleansing effect and is antistatic and stain-resistant. With a nano-active layer, the Protector adds long-lasting protection for the material and a deeper color intensity.

TEXTILE CLEANER & TEXTILE PROTECTOR

This Cleaner and Protector are specially developed for use on textiles and water repellent textiles. Think of pillows, furniture coverings, umbrellas, tent cloths etc. both indoors and outdoors. The sustainable Cleaner cleans quickly and deeply. The Protector is a durable impregnant that uses nanotechnology to add an active layer to the textile. This helps protect against the weather, liquids, oil and grease.

STONE & WOOD PROTECTOR

Stone & Wood Protector uses nanotechnology to give wood and stone self-cleaning capabilities. The protective coating makes the surface water- and oil repellent, protects against UV-light and has an active long-lasting effect against algae, mold and other water sensitive parasites. It also prevents slipperiness. Ideal for treating wooden and stone terraces.

Leisure

CREATIVE SOLUTIONS FOR THE HOSPITALITY AND LEISURE INDUSTRY

Appearance, ambiance, comfort and intensive usage, that's what defines the furniture conditions in the hospitality and catering industry. SUNS provides the proper gear to numerous bars, restaurants and cafes. Durable bar tables, comfortable dining chairs and luxurious lounge sets.

SUNS outdoor furniture; designed to look pleasantly inviting, easy to clean and lasting for years.

Inspiration

SUNS WANTS TO INSPIRE YOU

SUNS is a brand that dares to stand out. By anticipating on trends, breakthrough product developments and a clever close-to-you market approach, we exceed expectations. A growing number of celebrities, influencers and athletes sustains our story, connecting many people through their channels.

In 2023 we focus on providing the conditions for true outdoor happiness. The time manufacturers decide what consumers want, is behind us. We create product lines that are flexible and can be tuned to individual needs and wants.

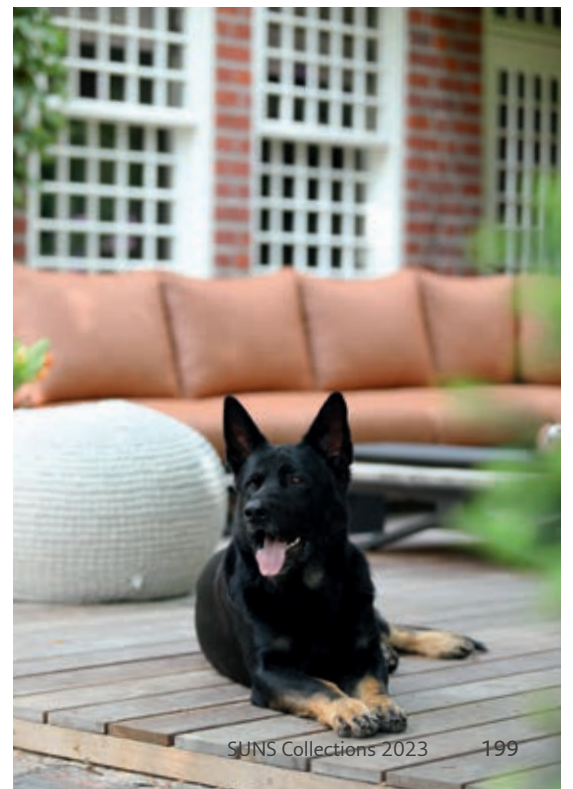

SUNS. Sharing the sun together.

Visit our inspiration page

Suns

BRAND OF SUNSIT

Design, quality and price. These are the fundamentals for success in outdoor furniture. And these are exactly the areas where Sunsit knows how to score. Get to know the company that conquers the best places under the sun with the SUNS brand.

Sunsit is an international company specializing in the design, manufacturing and sales of outstanding outdoor furniture and lifestyle products. Sunsit manages the entire process from A to Z and has its own R&D department and manufacturing facilities in the far east. The company works closely with a solid, international network of leading partners. Next to design and quality, a perfect feel for market trends and rapid response times have contributed to Sunsit's success formula.

Sunsit monitors the market, listens to its customers and knows what is going on. This has resulted in a solid brand name. The SUNS collections are available via specialist retail outlets worldwide.

We have stock

SUNS makes (re)ordering fast and easy. Deliveries can be made in minimum time from local stock.
